

64th Annual Scientific Conference of the Anglo-German Medical Society

The conference takes place at the Crown Plaza Hotel in Stratford upon Avon from 5-8 September 2024. Information on prices and registration will follow shortly.

Call for Papers

Topic: Mental Health

The topic this year is Mental Health and we are inviting papers that address this aspect from a wide range of disciplines within medicine. Currently we have a fair number of submissions/talks by our British colleagues and welcome more entries from the German side.

Talks should be about 20min long to allow time for questions at the end. Speakers are being asked to give the presentation in their mother-tongue but provide the slides in the other language (if possible).

Please submit a paper title (no abstract needed) to Gavin Shields at gavinshields@doctors.org.uk or Ulrike Nichols at unichols@ampletranslations.com by 1 May 2024.

Thank you and best wishes,

Gavin Shields and Ulrike Nichols
